About Hispano Suiza
Hispano Suiza is a historic Spanish car brand owned by four generations of the Suqué Mateu family. Hispano Suiza Fábrica de Automóviles S.A. was founded in Barcelona in 1904 by Damián Mateu with the support of Technical Director and engineer Marc Birkigt, also a partner in the company.

Between 1904-1946, Hispano Suiza built more than 12,000 luxury performance cars and 50,000 aeroplane engines. Today – with its headquarters, technical centre, and manufacturing facility in Barcelona – Hispano Suiza embodies a proud Spanish spirit with a strong family legacy.

In 2000, Hispano Suiza built a prototype luxury two-seat supercar HS21, which was shown in Geneva that same year. The K8 and HS21-GTS models, both evolutions of the first, were presented in 2001 and 2002.

Since it was founded, four generations of the Suqué Mateu family have preserved the family brand, injecting impetus and dynamism to maintain the significant heritage. On taking control of the company, Miguel Mateu – the son of the founder – continued the production of prestigious, top-of-the-range cars.

After his death, his daughter Carmen Mateu was nominated President and she continued her father’s work, keeping the essence of the brand alive through a diverse range of activities including events, exhibitions, conferences, book and magazine publication, research articles, and participation in rallies. Today, Hispano Suiza is overseen by its President – Miguel Suqué Mateu – the great grandson of Hispano Suiza’s founder.

Hispano Suiza is part of the Peralada Group, which represents the pinnacle of luxury in gastronomy and entertainment through its global portfolio of casinos, restaurants, hotels, golf course, vineyards, music festival and marinas.
